- Provided technical support across the organization.
- Set up accounts for new users.
- Repaired and replaced equipment as necessary.
- Performed remote troubleshooting through diagnostic techniques and pertinent questions.
- Directed unresolved issues to the next level of support personnel.

CRM Application Support Officer

5th Avenue Telecoms

Nov 2015 - Apr 2018

- Worked with end users, vendors, and service providers as the liaison with the IT team.
- Identified and helped design CRM-related report requirements and list views.
- Developed required workflow rules and business processes configurations by the users.
- Developed views, reports, dashboards that are required by different business units and executives.
- Worked with internal and external resources to ensure the CRM environment is configured andadjusted correctly.
- Worked with both the end users and the technical team to identify and assisted in resolving systemissues and provided technical support, troubleshooting software issues, as requested.

Education

Red River College Polytechnic
Advanced Diploma, Information security
Risk management • Cryptography • Ethical hacking • Network security • Malware analysis
Aug 2023 - Apr 2025

Concordia University
Certificate in Cybersecurity proficiency, Cybersecurity
Security awareness training • Incident response • Risk analysis • Security fundamental
Jan 2023 - May 2023

University of Ilorin
Postgraduate Degree, Computer Science
Firewall setup • Switch configuration • Routers configuration
Aug 2020 - Nov 2021

University of Ilorin
Bachelor's degree, Statistics
Data Analysis • Data cleaning • Probability • Stochastic analysis • Pareto analysis
Aug 2011 - Oct 2015

Licenses & Certifications, Additional skills

Certified Information Security Manager® (CISM) – ISACA

Risk Assessment • Communication • Information Security Awareness • ISO 27001 • Network Security • Cyber Threat Hunting (CTH) • Firewalls • Routers • Security Information and Event Management (SIEM) • SOAR
